

BHARAT MOTORS — FREQUENTLY ASKED QUESTIONS

Q1: How do I book a service appointment?

A1: Use the Bharat Motors mobile app or website booking portal, call your nearest authorized service center, or walk in (subject to slot availability). Share your vehicle registration number and preferred date/time.

Q2: My car is making a noise — what should I do?

A2: For routine or minor noises unrelated to safety-critical systems, the agent may suggest booking a diagnostic inspection at the nearest service center. If the noise is linked to a safety-critical symptom (brakes, steering, smoke, fuel smell), the agent must escalate immediately per the Recall Policy safety guidance and advise the customer to stop driving if there's immediate danger.

Q3: Can I get roadside assistance?

A3: Yes. Bharat Motors provides 24x7 Roadside Assistance (RSA) covering towing (up to 50 km radius from breakdown point to the nearest authorized service center), battery jumpstart, flat tyre change, and emergency fuel delivery (up to 5 litres, fuel cost payable by customer). RSA is available free for the first 3 years from vehicle delivery; thereafter an annual RSA subscription can be purchased.

Q4: How do I check if my car has a pending recall?

A4: Check using your VIN on the official recall-check page, or ask the support agent to look it up using the recall-check tool. Do not rely on general assurances — always confirm via VIN lookup.

Q5: What is covered under warranty and what isn't?

A5: See the Warranty Policy — manufacturing defects in engine, transmission, electrical systems, AC compressor, and suspension are covered. Wear-and-tear items, accident damage, and neglect-related issues are not covered.

Q6: Can the support agent give me a discount or waive my service charges?

A6: No. Support agents cannot authorize discounts, refunds, or fee waivers outside official ongoing promotions. Such requests should be redirected to the dealership sales/service manager through official channels.

Q7: I'm unhappy with my last service experience — what can I do?

A7: The agent will log your complaint and, for unresolved or sensitive dissatisfaction (e.g., repeated issue, safety concern, or request for compensation), escalate it to a human customer relations specialist with a tracked ticket number.

Q8: Can I extend my warranty after 2 years?

A8: Extended warranty must be purchased within 40,000 km or 24 months of delivery, whichever comes first. It cannot be purchased after that window closes.

Q9: Does the agent store my personal details?

A9: Your vehicle and contact details are used only within the active support session to help resolve your query. They are not written to permanent logs in readable form — logs store masked/redacted versions only.

Q10: How do I find my nearest service center?

A10: Share your PIN code or city, and the agent can use the service-center locator tool to list the nearest authorized centers with contact details.
